

CROMATOS
**SUSTAINABILITY
PROJECT**

Standardized Management System Milestones

Since 2007, Cromatos decided to implement a standardized management system, in order to create with its customer a loyal and reliable relationship, based on meeting customer requirements and on continuous improvement.

UNI EN ISO **9001:2015**

SISTEMA DI GESTIONE
QUALITÀ CERTIFICATO

QUALITY

ISO 9001 certificate was obtained by Cromatos for the first time in 2007. **In 2016 Cromatos achieved the certification according to new ISO 9001:2015 standard.** This new standard, will allow to obtain furthers certificates.

ENVIRONMENT

Implemented in 2020 to control the impact that our activities have on the environment.

TOP Environmental goals in Cromatos: Waste-Water treatment plant and solar panel self generated “green” electricity.

UNI EN ISO **14001:2015**

SISTEMA DI GESTIONE
AMBIENTALE CERTIFICATO

UNI ISO **45001:2018**

SISTEMA DI GESTIONE
SICUREZZA CERTIFICATO

HEALTH & SAFETY

The standard for **Occupational Health & Safety** was implemented in 2020 in order to identify and manage all the risk (**risk assessment**) associated with Cromatos typical operations through analyses of incidents and near miss incidents, exposure of workers, employees response to emergency etc.

ETHICAL CODE

Represents employee ethics and describes what Cromatos expects of its employees.

It is a management tool for setting out our organization values. Implemented in 2018 according to the **10 principles of UN Global Compact and Italian Decree 231.**

CODE OF CONDUCT

Product Stewardship

Each field of applications, has its own voluntary regulation. The first step, in order to develop the right product, is understand from the customer which is its reference market and specific applicable regulations (e.g. BfR XXXVI, Ecolabel, OK Compost etc...)

BfR XXXVI Compliance – Food Contact Paper

Cromatos developed more that 60 product compliant with BfR XXXVI. Compliance to BfR XXXVI, is granted by ISEGA Institute in Germany www.isega.de
